FIND THE PERFECT FIT - GUIDE

Measure the circumference of your hand as illustrated below, measuring around your knuckles and palm. You should always measure your dominant hand.

We recommend rounding off to the nearest full size in the chart above. If your measure falls between two sizes, we recommend choosing the larger size of those two.

LEATHER GLOVES

Should fit tightly at first, as they stretch and adapt to your hand size with time.

NON-LEATHER GLOVES

Will fit right away, and maintain the same fit.
